SSL W-600 LED Wash

The SSL W-600 is an innovative outdoor floodlight designed to excel in a wide range of applications, including monument lighting, sports events, wedding functions, and even face lighting. Featuring 44x10W RGBW cells, this powerhouse delivers an impressive output, ensuring brilliant and stunning illumination for any outdoor as well as indoor occasion.

With an IP65 rating, the SSL W-600 guarantees reliable performance in any weather condition, making it the perfect lighting solution for illuminating expansive outdoor events with its vibrant and captivating colors.

THE SSL W-600 offers exceptional installation flexibility, whether it's standing on the floor or hung in any orientation. Its strobe features add to its versatility, enabling the SSL W-600 to function as an impressive effects fixture or an engaging audience blinder.

Incorporating the SSL W-600 into your lighting setup will revolutionize any outdoor space, creating a captivating and immersive visual experience. Its compact yet powerful design sets new standards, elevating your events to a whole new level of brilliance.
